

Mission Statement

The Orillia & District Camera Club (ODCC) is a non-profit organization dedicated to promoting photography, imaging and creating an environment in which photographers can learn from each other.

While the club mainly supports digital photographers, those who are making the transition to digital photography will find benefits in membership. As always, all printed media can be shown at our meetings for others to enjoy!

Regional/National Affiliations

The ODCC is a member of CAPA. This association includes various clubs throughout Canada.

Special Workshops will be added throughout the year. Suggestions from members are encouraged. Please let us know what you want to learn.
